

# DUTCH BARN PRESERVATION SOCIETY

Dear DBPS Members,

We continue to work on a tour next Saturday [24 October] in the Feura Bush, Albany County Area, in conjunction with our Quarterly Meeting. I hope we will have more details for you in a few days.

Keith Cramer continues to take our Dutch Barn model to area events-if you are free Sunday, consider the Fall Foliage Festival at the Mabee Farm in Rotterdam Junction-where you can see our model in action- perhaps even help Keith with it if you are so inclined.

The Dutch Barn model will be raised at the Mabee Farm this Sunday, October 18, 2015 from 11-4, for the Schenectady County Fall Foliage Festival. [www.schenectadyhistorical.org](http://www.schenectadyhistorical.org)  
Anyone wishing to help with the raising should call Keith at (518) 438-8352.

After this event the model will go to Virginia for the winter. This past year the model has been traveling the Midwest states, and will likely go there for much of the 2016 event season. Below are some photos of the model on this trip through NY at events at Hanford Mills at East Meredith in the Catskills, and last weekend in Cooperstown at the Farmer's Museum.

These pictures are all at the Farmer's Museum. I have reduced the size of these pictures for email, but I will enclose a pdf with larger pictures.
